

**Spring
Lake, NC**

THE APP

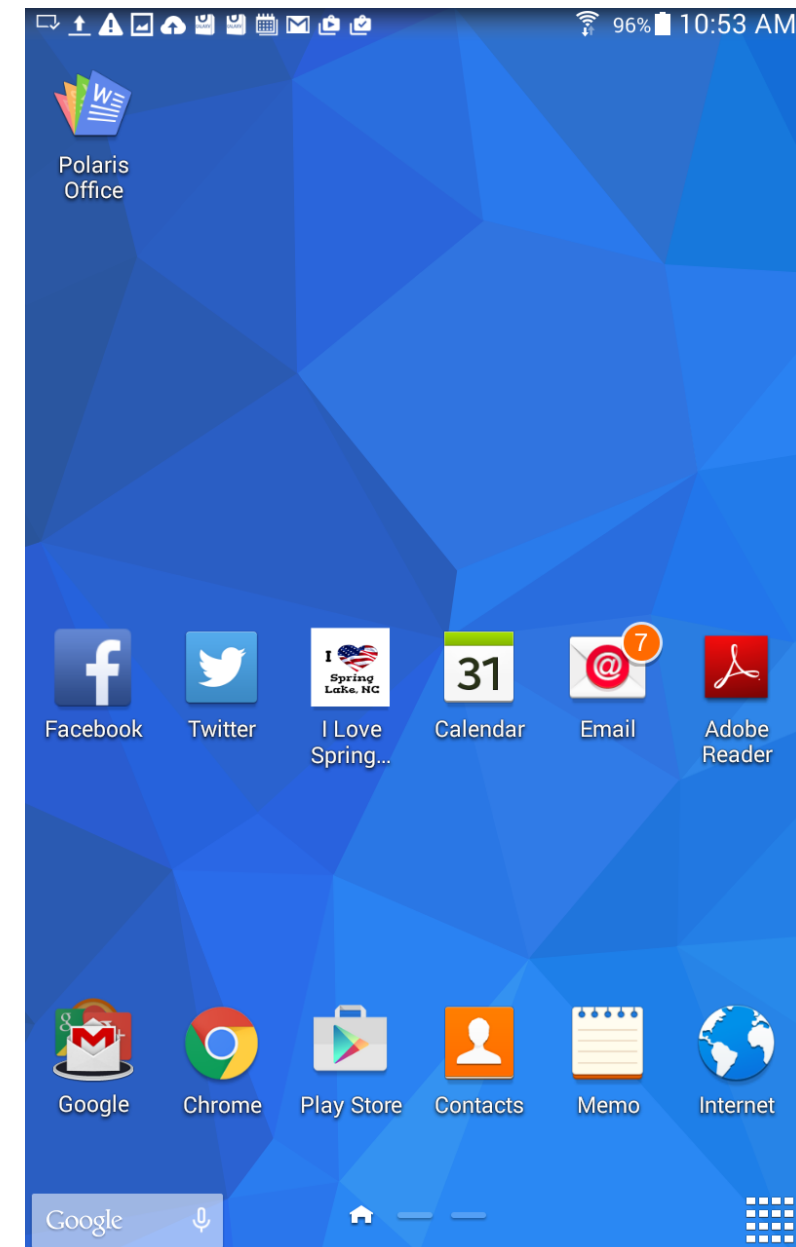

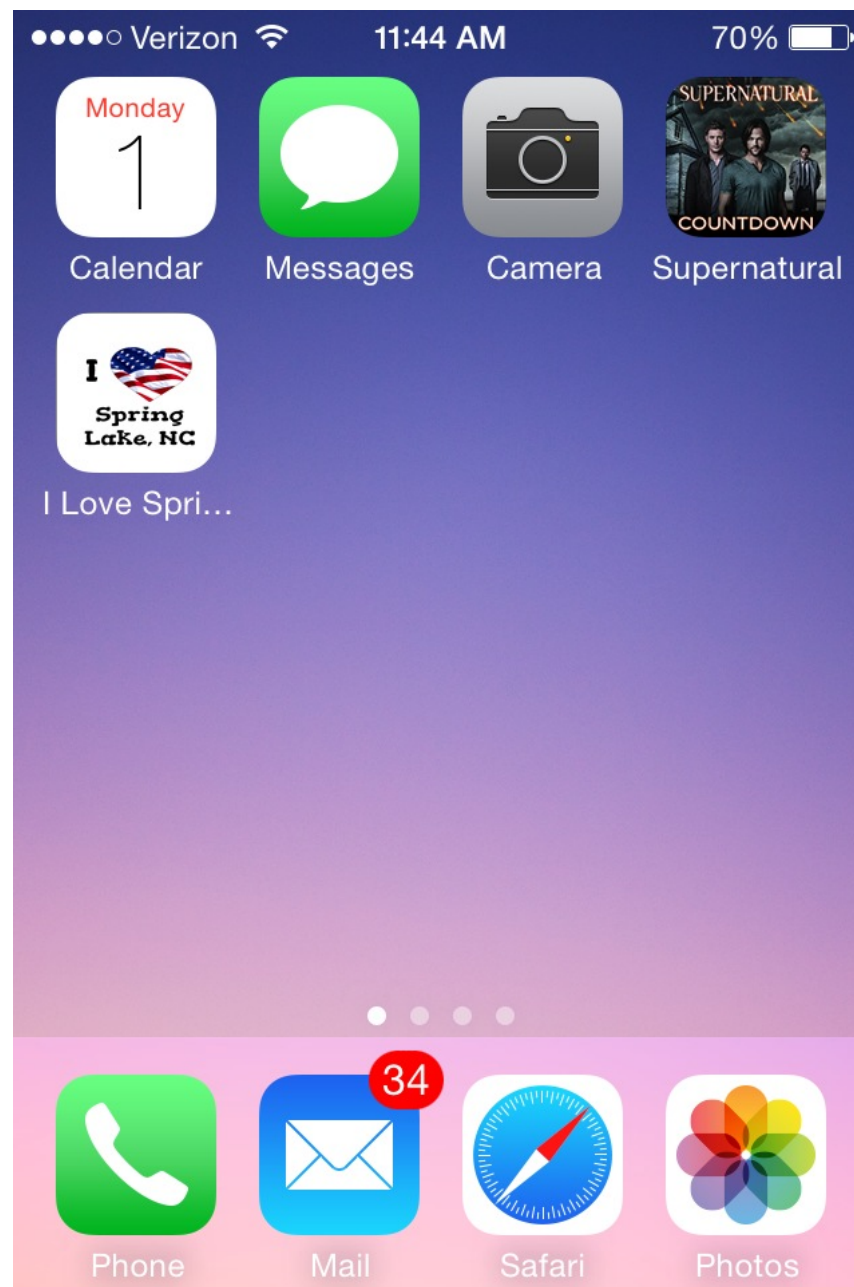

It's easy.
Just enter, "spring
lake, nc" in the
search window of
your "app" store...

You will get one of the following depending on your device:

Once you have downloaded it to your device, it will appear on your screen as follows:

When you open the app, you will see this screen:

City Sourced is the architect of the app and keeper of the source code.

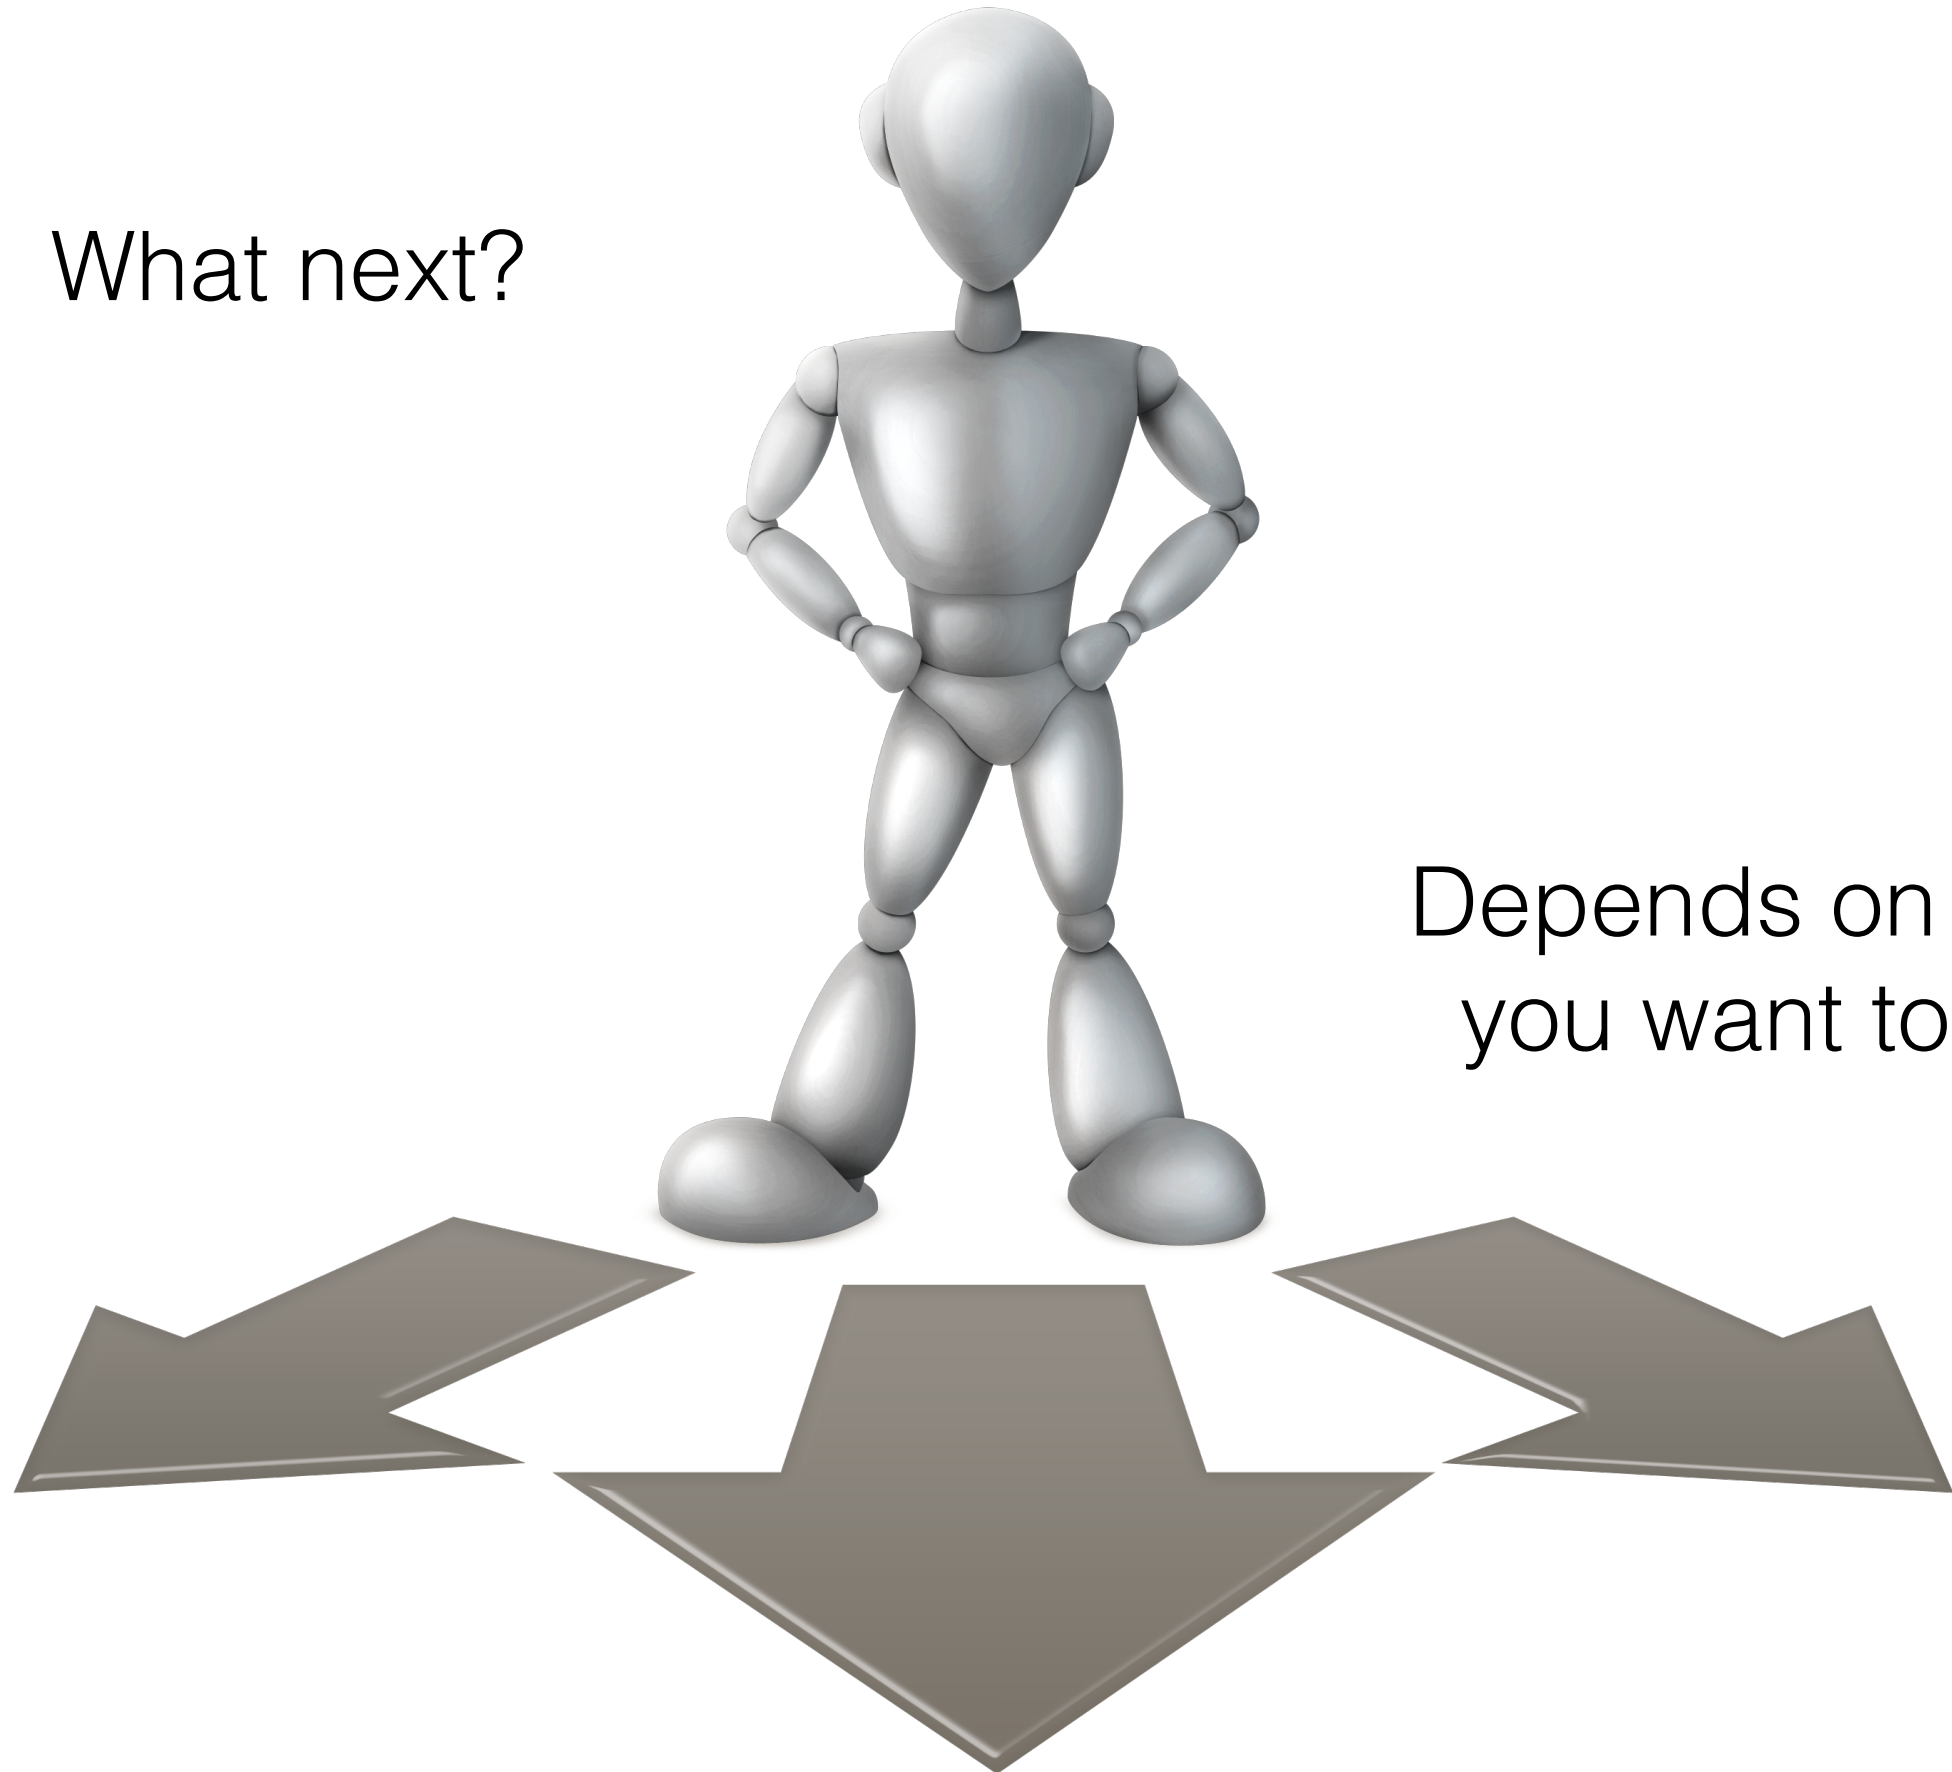

Once the app is fully loaded, this will disappear.

This is the home screen of the app:

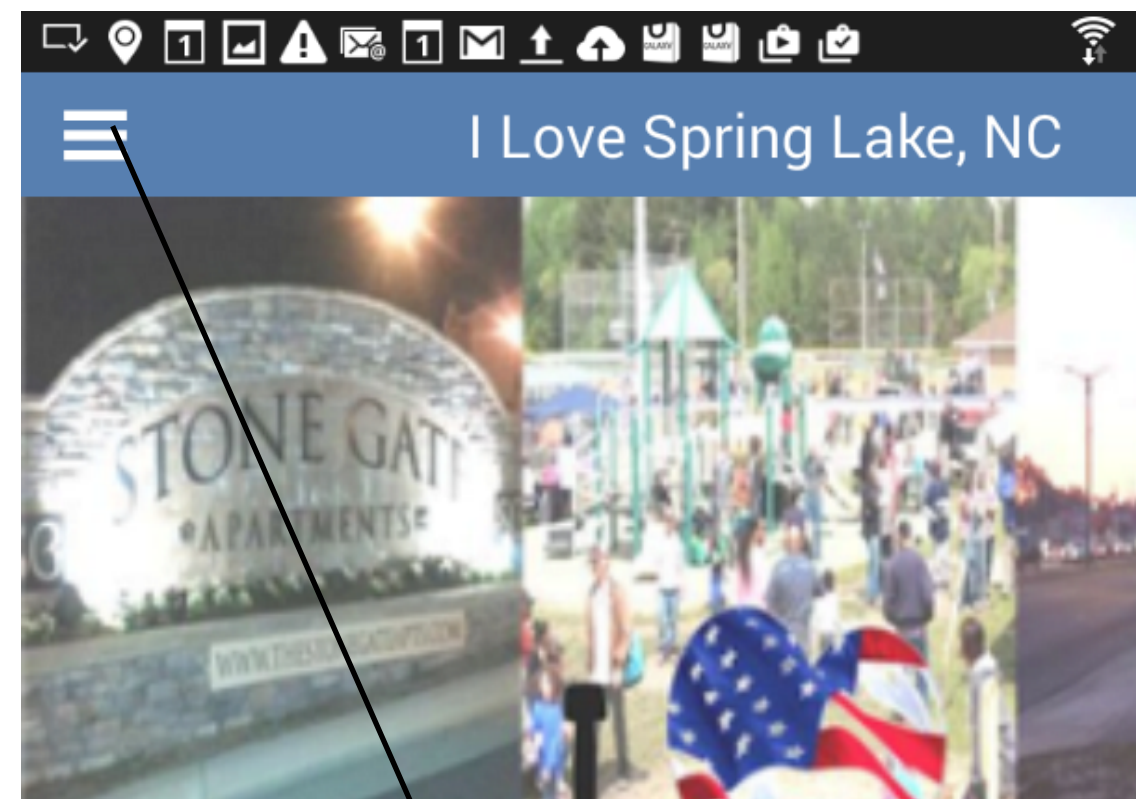

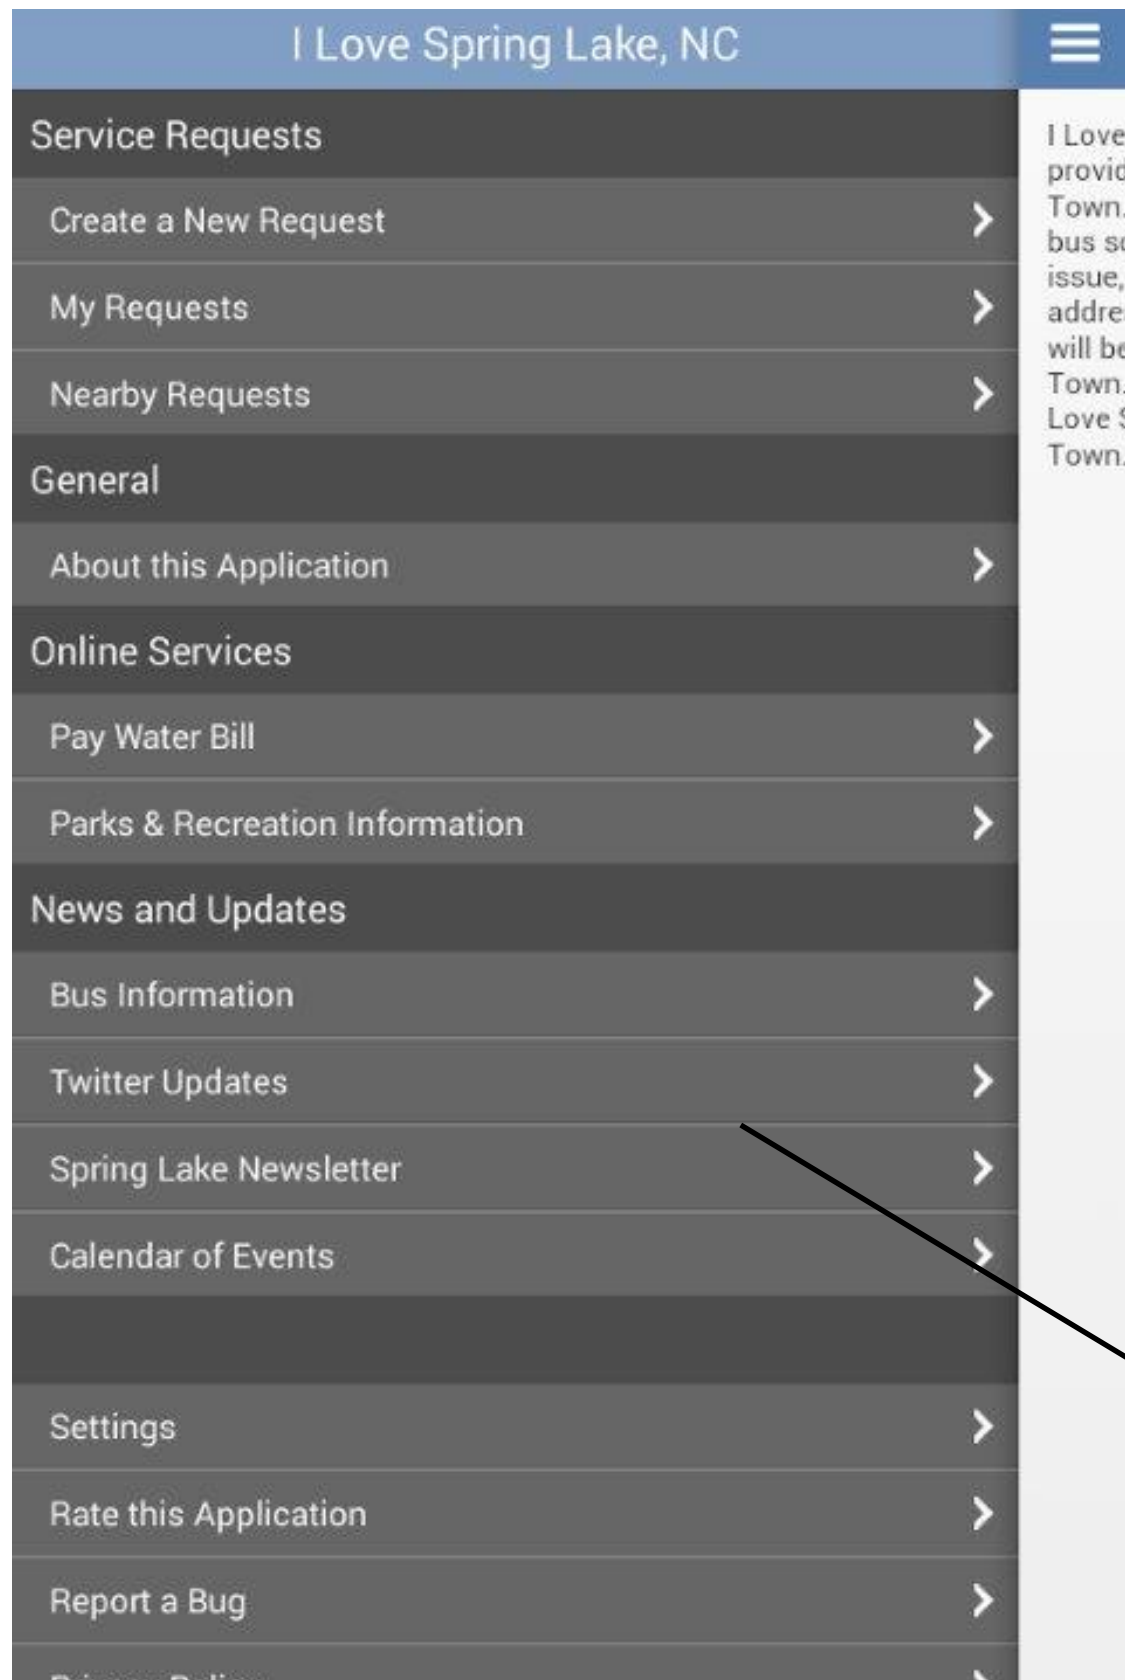

From this screen, you can directly report an issue or choose another option in the app.

What next?

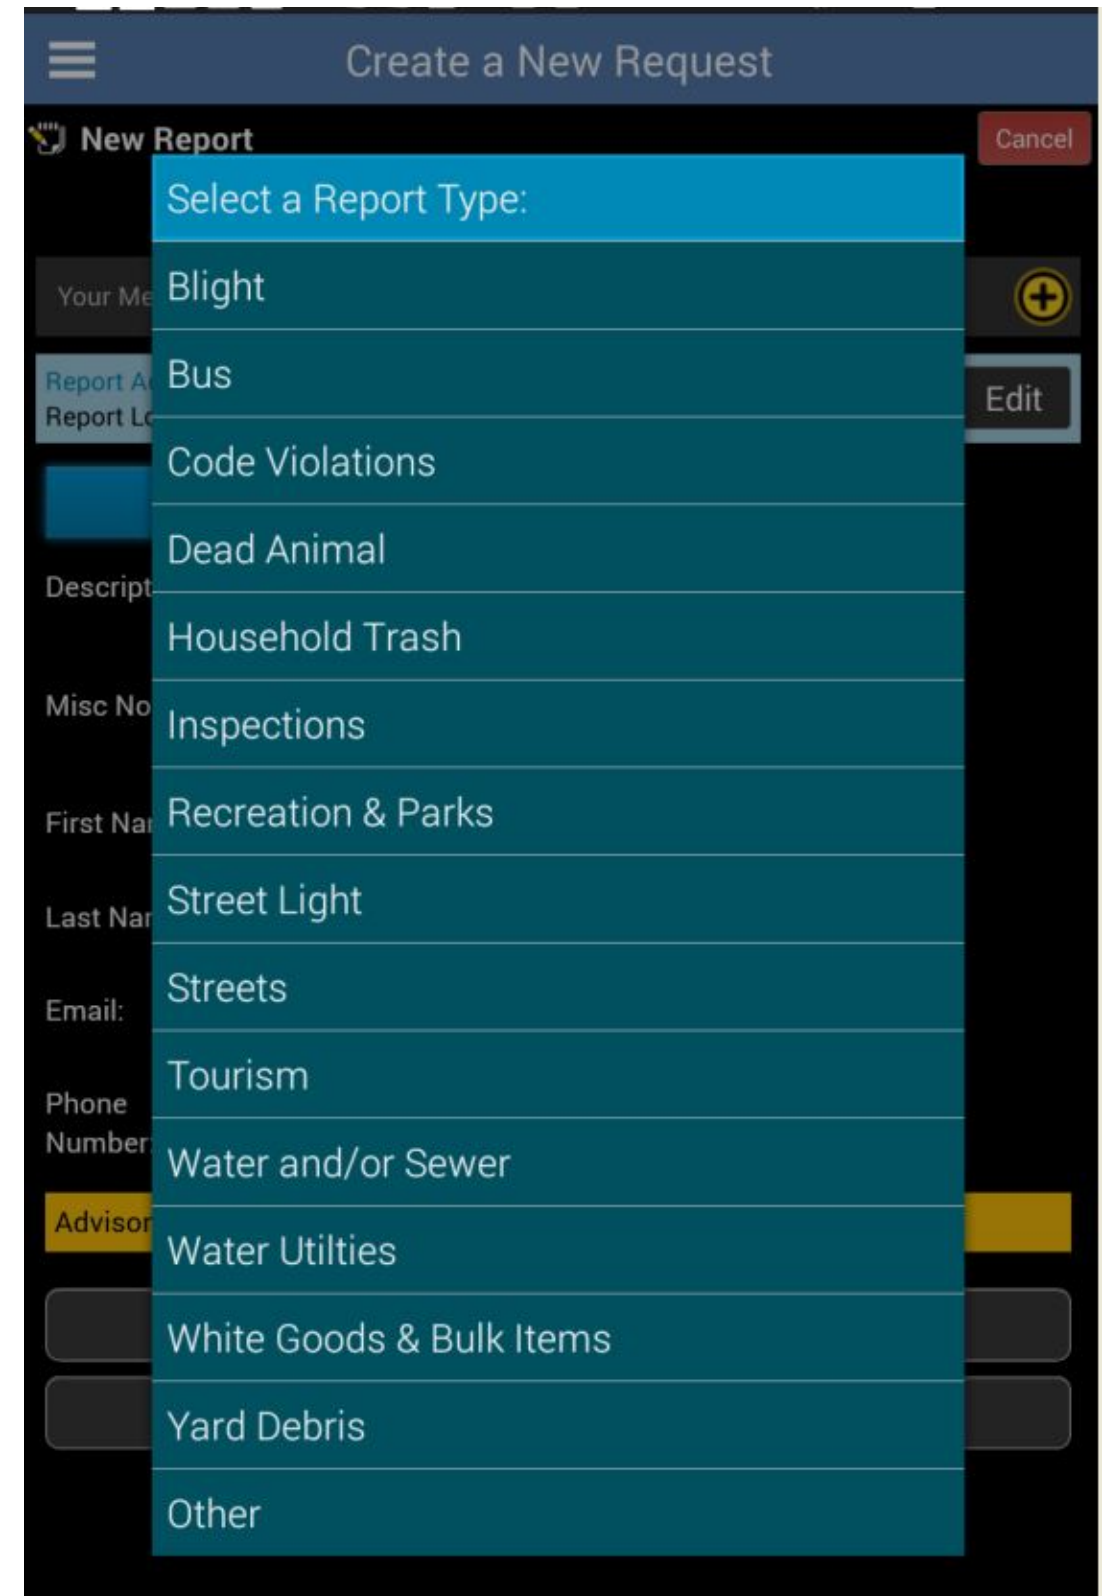

Depends on what
you want to do.

When you click on this on the home screen or from any screen, you get the full menu of options in the app

This is the full list of items you can report from the app.

Each item has sub listings.
